Dazed and Confused

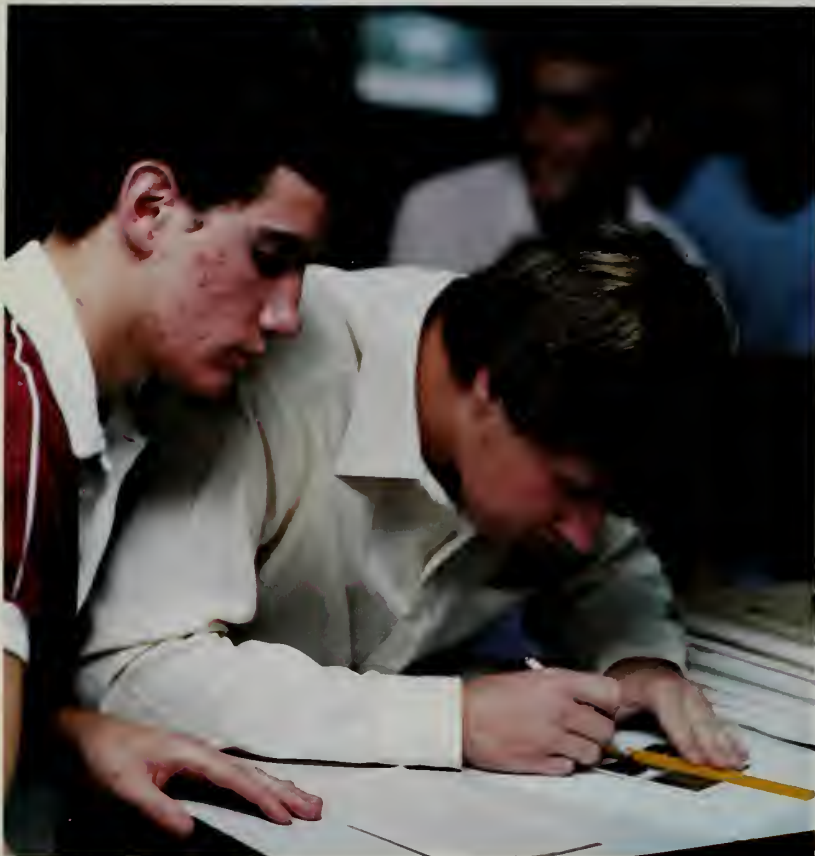

"Let Me See Will Ya"

"What a lively hat your wearing"

What a way to cure a headache!

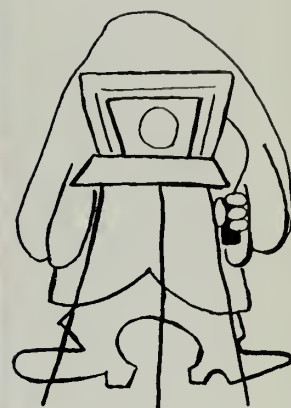

Winthrop High Torture Chamber

"I'd like you to meet my boyfriend."

"Mmm, taste good Ray?"

"Is it getting hot in here or is my face just turning red?"

"How old are you Paul?"

Adi, the master of Disguise

Here's Looking At You Kid

"We're taking up cheerleading instead"

"Wipe That Smile Off Your Face"

What Form!

No wonder he got Most Talented

I got more muscles than any boy at Winthrop High!

Ravishing Ronald at rest!

"Pardon me while I study"

"How bad are you!"

"Tell me quick my neck hurts"

"Skate Much—Chris!"

"Boy, Have I got a story to tell you!"

Munchin' Out!

"We are Family!"

held together by the number
'81

And our family all shares
the same residence of
W.H.S.

Our family has had many gatherings
be it a rollerskating party, social
carwash or prom
But our family is to break up
soon, each go our own way
And I'll try to remember the
facts of my family
And I'll always treasure this,

To the Class of 1981

Your graduation from Winthrop High School represents twelve years of important preparation, academic achievements, participation in extra curricula activities and learning to live by and with rules and regulations, are some of the ingredients which go into this preparation.

From your present vantage point, it is possible to look back over these developmental years. As you plan your future, capitalize on your strengths and take positive steps to remedy obvious weaknesses.

I hope that you will continue to mature and to work purposefully toward life goals which will help to assure your happiness and success.

... Most especially we'd like to thank Mr. Barry for being there when we needed him and trying to pull us through something that was new to us all. To Mrs. Poulos for helping us with our small crises. To Miss McBournie and Mrs. Lombard for putting up with our everyday interruptions. Most of all we'd like to thank you, our student body, for supporting our yearbook. We really appreciate it. Last but not least, we thank all those who have made even the slightest contribution to the production of this book.

WE WILL NEVER FORGET YOU . . .

We would like to dedicate "Our Family Album" Echo 1981 to all those people who are leaving W. H. S. along with the graduates of 1981. You have all been a big part of our family and will always be a part of a lasting memory.

Who could ever forget the Big Duke? In 32 years Mr. MacFarland has made U.S. History a course that kids look forward to. His unique interpretation of the basic facts makes him an unforgettable man . . . The Big Duke IS Number One.

Mr. Lane has been an inspiration through his working in Winthrop High and also through his work outside the doors of our school. In his years here he has become a man we all respect and admire because of his achievements . . . He has left a lasting impression on us all.

To a man who has helped so many confused and troubled college bound students make the first important decision of their lives. You've been a friend to so many and, in return, you have been loved by so many. Good Luck in the future.

One of the most valuable assets of our school—our nurse. Often times your tremendous contributions to W. H. S. have become hidden underneath the seemingly more important workings of the school. You have touched many people with the dedication of your work and will always be remembered as a true part of Winthrop High.

. . . BECAUSE
YOU HAVE
ALL BEEN A
PART OF
OUR
FAMILY

We also want to acknowledge the many people who will be leaving Winthrop High as a result of Prop 2½. You have all been contributors to a great family—Winthrop High School.

Easy roads are crowded, and
The level roads are jammed.
The pleasant little rivers
With the drifting folds are crammed.
But off-yonder where it's rocky,
Where you get the better view,
You will find the ranks are thinning,
And the travelers are few.

Where the going's smooth and pleasant
You will always find the throng,
For the many—more's the pity—
Seem to like to drift along.
But the steep's that call for courage
And the task that's hard to do
In the end results in glory
For the never wavering few!
